

We are delighted to present to you a great selection of wines, and in particular from a large number Rothschild vineyards around the world. However, just because they carry the great Rothschild name does not mean that they all come at a high price and we have developed a list that we believe represents great value for money. We naturally have a close association with Waddesdon Manor and the Rothschilds, and the hotel itself is actually named after the Rothschild family emblem of a shield surmounted by five arrows.

The name Rothschild has long been associated with the world of finance, lavish houses and gardens, exquisite art collections and, since the 1850s, fine wines. The foundations laid down then continue today, from the Grand Crus of Chateau Mouton Rothschild and Chateau Lafite to ground breaking ventures around the world. There is no doubt that the Rothschild wines embody all that is wonderful about the fruit of the vine.

Due to our close links with the Rothschild family, through Waddesdon Wine Ltd, you can capture some of the magic of these evocative wines as our bespoke wine list has a unique link to some of the great vineyards of Bordeaux and beyond. Much of our list comes from the Rothschild collection and if you like what you have tried, a visit to the wine shop at Waddesdon Manor will satisfy your quest to discover more.
